

RMHN^{NEWS}

Your source for RMHN membership benefits and updates

March | 2015

Welcome to RMHNews

We are delighted to revive our monthly membership newsletter. Each month we'll come to you with updates on the happenings of your PHO – from member benefits to new providers to new payers to hot healthcare topics.

Outreach Reimbursement Benefit

Your membership in RMHN includes an outreach reimbursement program. The policy for accessing the reimbursement program was updated with a few changes effective February 1, 2015. You can obtain a copy of the current policy by emailing Cheryl Ross at cross@rmhn.org.

Every April, the RMHN Board of Directors reviews the outreach reimbursement requests and approves them for the subsequent 12 months. If you are currently approved for reimbursement and want to continue receiving reimbursement for providing outreach clinics or if you want to request approval for accessing your reimbursement benefit for a new outreach clinic, please send your documentation to Cheryl Ross (cross@rmhn.org) no later than March 20th. This will give us time to review and prepare the requests prior to the April 7th board meeting.

We're Updating Our Website

Our new site will provide a secure portal for RMHN members to access fee schedules, contract information, etc. We're expecting to launch the new updated website within the next 30 days. We'll let you know when we're ready because you will be required to set up a user id and password in order to access the new secure portal.

We've Moved

- did you know that we have moved?
Our new address is reflected below. All of our phone numbers remained the same. Stop by if you're in the neighborhood.
