

## President & CEO Message

Rocky Mountain Health Network is excited to begin sharing a monthly newsletter designed to keep you informed, engaged, and connected to the work we are doing together across Montana and Wyoming.

In my short time with the organization, one thing has become abundantly clear: **the true value of RMHN lies in our members**. The work you do every day to expand access to care, improve health outcomes, and lower the overall cost of care aligns with our mission to support our members and facilities, enhancing health outcomes and improving the overall well-being of the communities we serve.

At RMHN, our goal is simple and clear—**to provide our members with transparency, strengthen partnerships, and deliver meaningful support**. This includes enhancing contract negotiation efforts, advancing clinical integration, improving administrative services, and leveraging economies of scale to better position our network within an evolving healthcare landscape.

As part of our commitment to partnership, **we want to hear from you**. We are currently developing a client satisfaction survey that will help us better understand your needs, measure our performance, and identify opportunities for improvement. The survey, which will include Net Promoter Score (NPS) metrics, will be available in **Q1 of 2026**.

Your feedback will play a vital role as we continue to strengthen our partnership, grow the network, and enhance access to high-quality, cost-effective care for the communities we proudly serve across Montana.

I look forward to working with you as a trusted partner and advancing the shared mission of improving healthcare for all.

Warm Regards,

Darik Croft, MBA  
President/CEO  
Rocky Mountain Health Network
